CHANGES, ETC. IN THE BOSTON DIRECTORY.

Attention is called to the changes noted below, which assume unusually large proportions this year, the names alone filling fifty pages more than ever before, and the number of alterations almost surpassing belief, were it not verified by actual count. The number of names in the Directory is a pretty accurate index of the growth of the City, and a large increase in population and business during the past year is evident.

Many complaints have reached the publishers that Directories have been stolen by borrowers, peddlers, and others. To guard against such loss patrons are advised to mark their Directories conspicuously, and all are cautioned that any Boston Directory offered for sale at less than five dollars has probably been stolen.

* Number of Names in Directory of 1881 (exclusive of died and removed)..... 150,493

Names in Directory of 1880..... 143,140

Increase..... 7,353

Names added..... 35,291

Names erased..... 27,938

Changes in location, etc..... 44,172

Number of changes made in preparing General Directory 107,401

* In addition to this number the Directory contains the names of 1,451 who have died or removed from the city since the Directory of 1880 was issued, with date of death, etc.

By comparing these figures it is seen that there are 107,401 alterations in a total of 150,493 names, or more than 70 per cent, showing that a last year's Directory is now practically worthless for reference.

COLUMBIA BICYCLE.

The Special Columbia is a light roadster, of close build, fine finish, and fitted with the most approved anti-friction Ball-bearings, adjustable for wear. Having made several improvements in this machine since we first offered it to the public, we feel fully justified in pronouncing it the best and handsomest Bicycle in the market.

We make the Special Columbia from 46 to 60 inches. Price for 46 inch, \$105.00, to \$122.50 for 60 inch, half bright. All bright, \$10.00 extra. Full nickel, \$15.00 additional.

The Standard Columbia is a strong, durable roadster, built with a view to withstand the rough usage incidental to touring over ordinary American roads, and for hard work has no equal. It is of graceful model, built of the best materials and carefully finished in every particular. The thousands in daily use fully attest the merits of this favorite machine.

The price of the Standard Columbia, half bright, is, for a 42 inch, \$80.00, up to \$100.00 for 58 inch. Full nickel, \$22.50 extra.

We will furnish the Standard with our most approved ball bearings for \$10.00 extra.

Both of the above are confidently guaranteed as the best value for the money attained in a Bicycle.

The Mustang is a cheaper Bicycle, all painted, for those who cannot afford to buy a better one. We make them in smaller sizes, from 36 to 46 inch. Price, for 36 inch, \$50.00, to \$65.00 for 46 inch.

Send 3 cent stamp for 24-page catalogue with price lists and full information.

373 WARREN ST., ROXBURY, MASS., 4 Sept., 1879.

The Pope Manufacturing Company:—

GENTLEMEN:—My confidence in the superlative excellence of things English has again got a header. It happened on the Standard Columbia which I took from you about three weeks ago, and which I immediately put to severe test on cobblestone-pavements, crossings, and several stiff hills. The result was a surprise to me. I found the machine stanch, true, sensitive to control, and very easy of propulsion. I have been accustomed, for something more than a year and a half, to riding the best of English Bicycles, with either ball or roller bearings, and confess I had an idea I could enjoy no other. But the Columbia, though new, and before unused by me on the road, did not pinch or fret at all. We who love the art of bicycling are looking at you. We watch with interest your constant improvements in the manufacture of the machine itself,—which is rapidly becoming in your hands the "perfect bicycle,"—as well as the accessories which you provide for our comfort. My lady friends—better judges, you know—pronounce it "beautiful" in form and finish, and I agree with them.

Yours, very truly,

CHARLES E. PRATT, *Pres. Boston Bicycle Club.*

C. F. JEWETT, Supt.

The object of the work is to commemorate the 250th anniversary of the founding of Boston, September, 1630. The work has been assigned to writers, who, from study and associations, are identified with their subjects.

The plan of the work is to a large extent novel—the grouping of so many representative writers, to tell so interesting a story as that of Boston's origin, career, and significance, is a fit conjunction for the occasion, and hardly to be paralleled in the history of any city.

No more suitable or enduring memorial of Boston can be conceived than to embody in book form its wonderful and interesting history. It will be complete in four volumes, quarto, about 7 1/2 by 11 inches, 650 or more pages to each volume, fully illustrated with historical maps, facsimiles, portraits, views, &c., interpreting the text.

Vols. I. and II. are now ready. Vols. III. and IV. will be ready in the fall and winter of 1881.
